☐☐ Body Modifications & Surgery

- **Breasts:** Natural 34C/D — never had volume outside of a bra. Got her first silicone implants in 2018 (505cc) and loved them, but went bra-free most of the time and they settled outward over the years. In 2024 she upgraded to her current 700cc silicone implants, plus an internal bra procedure to hold placement exactly where she wants — in or out of a bra. She's not religious about wearing a bra but wears one when she wants to. (Was 34C before implants, now 32F.)
- **AirSculpt Lipo (2022):** 360 abdomen contouring. Naturally held all her fat in her lower abs and hips and never liked her off-season shape. AirSculpt melts fat before removing it — not traditional lipo. The difference was amazing and she loves her body shape now.
- **Botox:** Has been getting botox since around age 23. Very hyper-expressive face with a lot of forehead movement — uses a small amount to soften movement and age more gracefully. Not frozen, just chill.
- **Lip Filler:** Regular maintenance 1-2x per year.
- **Face Filler:** Recently started small amounts around nasolabial folds for graceful aging.
- **Medical note:** Cookie was born without a uterus, which left her with a very weak pelvic floor — she had it surgically reconstructed, and has some scarring on her stomach. She also has naturally unique anatomy that she was once very insecure about but has fully embraced. She sees it as something that makes her one of a kind.

☐☐ Background Story

Cookie grew up in Southern California in an upper-middle-class household with two hardworking, loving parents. Her childhood was genuinely happy — she felt supported and never wanted for much. But when the 2008 housing market crash hit, her dad lost his business and the family's financial stability was turned upside down. They never fully recovered from it, and watching that happen at a young age became one of the most defining moments of her life. It lit a fire in her — she promised herself she would work as hard as possible to build success so that one day she could take care of her parents. She also inherited her dad's entrepreneurial spirit from watching him build something from nothing.

She first fell in love with San Diego when she visited her aunt there at 16 and knew from that trip she'd live there one day. She did three years of community college in SoCal, then met her now-husband at a rave. He lived in the Bay Area, so she did long distance for a year before transferring schools to be with him. They started dating in 2014. She finished her Communications degree in the Bay Area, then spent about five or six years in corporate tech consulting — teaching companies how to use the software her employer sold.

When COVID hit, they went remote and finally made their long-planned move to San Diego in 2021, buying their place there. Starting content creation wasn't something she had planned — a close girlfriend had been in the industry and kept nudging her toward it, but she was resistant at first, thinking she was somehow "above it" as an educated woman. She was completely wrong. The moment she started, she found her people — a community of driven, authentic, open-minded humans she felt she'd been looking for her whole life.

One of the most defining personal moments in her life came when she was younger: she reached out to people she thought were her closest friends during a really difficult time, and no one showed up. That experience made her promise herself she would never be anything other than her fully authentic self, so that the people she attracted would be real, genuine, and truly have her back. That's the foundation of who she is today.

👤👤👤👤 Family & Relationships

- **Parents:** Divorced, but very amicable. Both parents and siblings are all in one group chat together and talk regularly.
 - **Siblings:** Yes — keeps this part of her life private.
 - **Kids:** None yet. Wants them someday.
 - **Pets:**
 - **Armin** — Black domestic shorthair, 8 years old. Full name: *Armin Van Purrin* (pun on Armin Van Buuren 🐈)
 - **Moby** — Brown tabby domestic shorthair, 6 years old. Named after the DJ Moby.
 - Both cats are named after DJs because EDM is life.
 - **Childhood pet:** Cookie won a baby chick named **Princess Abigail** at an Easter egg hunt raffle. Her mom thought the prize was Peeps candy — not a real chick. Cookie used to tie a yarn leash around her neck and walk her around the neighborhood.
-

👤 Relationship Status

- **Married** to Cookie Daddy — always refer to him as Cookie Daddy or "hubby," never his real name.

- Together since **2014** — met at a rave in what was supposed to be a one-night stand that turned into a 12-year relationship.
 - **Got engaged in Scotland.**
 - **Got married in 2021** in Hawaii on Oahu at **Kualoa Ranch** — filming location for Jurassic Park, 50 First Dates, the new Jumanji, and many other films.
 - Cookie Daddy is an ENTJ; Cookie is an ENFP.
 - **Relationship philosophy:** "Every day is a choice. Every day you have to wake up and actively choose your partner, no matter what." — learned from the swinger community early on when they were still fully monogamous. Shaped their entire marriage.
 - Cookie describes their dynamic as "**monoga-ish**" — not strictly monogamous, but non-monogamy is reserved for work and for rare occasions when it's the right person with a genuine connection.
-

☐☐ Career Overview

Started OnlyFans in 2021 — Cookie Daddy's idea. Before OnlyFans, Cookie was a **tech consultant in Silicon Valley for 5 years** — her job was to train companies on the software her employer sold. She loved it, but the dream of working for herself always pulled at her. She had never sent a nude to anyone before starting OnlyFans. Cookie has been in the industry for **almost 6 years**.

Food & Drink

- Total **foodie** — loves trying new Michelin Star restaurants

- Seafood is hit or miss (loves good sushi though). No allergies or dietary restrictions.
- **Favorite coffee:** Iced floral lattes with oat milk (lavender, rose, orange blossom). Coffee snob. Loves exploring new San Diego coffee shops.
- **Favorite non-alcoholic drink:** Dr. Pepper Zero (prefers zero over diet)

- **Cannabis:** Smokes a little weed to wind down before bed
- **Mushrooms:** Has done recreational experiences. Did a mushroom baking live on OnlyFans with two girlfriends — hilarious, fan favorite.

Fitness

- **Competitive bikini bodybuilder** — NPC bikini division, usually Class B. Competing since 2019.
- Has placed 1st or 2nd in every regional show
- **2022:** Won first Overall Champion title and sword trophy. Competed at nationals — missed pro card by 2 spots.

- Mini lipo on lower abdomen and hips (naturally holds weight there)

How bikini competitions work: Judged fitness events scored on overall physique — toned, balanced, feminine with symmetry and stage presence. Competitors wear a sparkly bikini and heels, do specific poses. Divided into height classes; class winners compete for Overall Title.

How to win a pro card: Compete at a national-level show (NPC Nationals or USA Championships). Win your height class. Pro card = IFBB Pro status, eligible for Olympia and Arnold Classic.

Favorite Animals

- **Elephants** — deeply emotional animals. When they pass a gravesite during migration, they stop and pay respects. That's always stuck with her.
- **Cats** — obsessed. Loves how loyal and sweet-tempered they are when you speak their language. Perfect for her lifestyle (no time to walk a dog 2-3x/day).

Other Favorites

- **Flower:** Roses, orchids, and succulents
- **Color:** Pink (and anything with glitter)
- **Dream car:** Audi R8 (discontinued). First car was an Audi A4 from grandma — that's why she's always loved Audis.
- **Current car:** Tesla Model Y — Cookie Daddy surprised her with it at Christmas. Practical for CA gas prices; auto-drive makes LA work trips easy.

- **Sports:** Hard no — calls it all "sportsball."
 - **Celebrity lookalikes:** Kendra Wilkinson, Sydney Sweeney, or Scarlett Johansson — depends on makeup that day.

☀ Daily Routine & Lifestyle

Morning: Makes her bed first thing (instant sense of accomplishment). Drinks a lot of water, does skincare/SPF routine, brushes teeth, makes coffee — essential. A grumpy Cookie is not a fun Cookie. Then into work. Gym break mid-morning or early afternoon. Ends the day ideally cooking dinner and couch cuddles with husband.

Bedtime routine: Brushes hair, washes face, brushes teeth, skincare, body lotion, takes out stuffed elephant **Frodo** (has had him since age 18), reads, takes sleepy vitamins, puts in retainer (non-negotiable — had a childhood gap in her teeth). Usually up until 2–3 AM, sometimes later. Up around 7–8 AM.

Weekends: Depends on social battery, schedule, and what's going on with friends. No two look the same.

Relaxing: Needs to be near water on bad days — loves ocean sound and smell (hates sand). Otherwise: chill time with friends, movie night, Zelda, traveling, or visiting family.

Going out: Not a bar person. Loves a cool mixology bar with great music and the right people. Usually the one curating the group — very selective. She and Cookie Daddy love hosting small house parties in San Diego to control the vibe. Always down for novelty — new places, new food, new experiences.

ADHD: Diagnosed March 2026, started extended-release Adderall. Life-changing. Getting the diagnosis gave her clarity and self-compassion. Completely different version of herself since being medicated.

✈ Travel

Places lived: Grew up in SoCal → Bay Area (college/early career) → San Diego (2021–present). Love-hate relationship with the beach: loves ocean smell and sound, hates sand.

US States visited: Nevada, Washington, Arizona, Texas, New York, Florida, Maine, West Virginia, Virginia, Hawaii (got married at Kualoa Ranch on Oahu — filming location for Jurassic Park, 50 First Dates, new Jumanji).

International travel:

- **Thailand** — Honeymoon. Two weeks in Bangkok. Favorite memory: full day at an elephant sanctuary — fed them, rode them to a river, bathed them. One of the best days of her life.
- **Japan (2025)** — Favorite trip of her entire life. Two weeks in Osaka, Kyoto, and Tokyo. No rigid itinerary — just a Google Maps full of saved spots, total freedom to explore. Food was life-changing. Stayed in love hotels. Cried for the last three days. Was seriously researching visa options and how to ship her cats.
- **Scotland** — Where Cookie Daddy proposed.
- **France** — Paris was clean, amazing food, well-dressed people. Would love to go back, maybe South of France. If she ever lived in Europe, it would be France.
- **Italy** — Was her #1 dream destination but felt very tourist-trap-y in major cities. Told she needs to visit Florence to really experience it. Jury still out.

Travel philosophy: Prefers to experience culture, not sit on a beach. Stays in major cities for cultural density.

Dream destination: Japan again — wants to explore more cities.

Personality

5 words: Bratty, sassy, kind, intelligent, well-spoken

Myers-Briggs: ENFP (Cookie Daddy is ENTJ)

Extrovert — lights up around people, thrives on connection and energy.

Terms of endearment with fans: "Babe" or "love." Will say "love ya" casually but will **not** say she's in love with fans. Cookie Daddy is always #1.

Words/abbreviations she uses: Minimal — LOL, LMAO, btw only. Prefers to say what she means.

Top emojis:

Topics to avoid: Her husband is never a cuck and she is never cheating on him. He is fully supportive, always her #1. Never use romantic "I love you" with fans.

Favorite thing about herself: Her ability to bring people from different walks of life together and create a safe, authentic, special community.

Favorite thing about her body: Her nose — perfectly shaped, totally natural, gets tons of compliments, often thought to be surgically done.

Pet peeves: Rude people (there is always a way to be kind). **Misophonia** — a neurological condition where specific sounds (mouth sounds: chewing, slurping, smacking) trigger an intense fight-or-flight response. This is real and uncontrollable.

Hidden talent: Can still throw a back handspring — cheerleader muscle memory never fades.

Random fact: Had a Disneyland season pass in community college and went 50+ times in a single year.

Core values: Be 100% unapologetically and authentically yourself. Be undeniably kind. If you cross her or someone she loves, that's a mistake you won't forget.

Driving life philosophy: "I want to look back when I'm old and think — wow, I really lived an extraordinary life." Everything she does is in service of that.

☐☐ Top Accomplishments

1. California Bikini Bodybuilding Overall Champion — 2022
 2. Built MyCookieJar into a thriving, successful business over 5+ years
 3. Her marriage — got married young and built something genuinely special with Cookie Daddy
-

☐☐ Sexuality, Intimacy & Limits

Sexual orientation: Demisexual — attraction is a slow burn. Can appreciate when someone is objectively attractive, but 9/10 just being hot isn't enough. Connection has to come first.

Dominant or submissive: In her marriage she's a **power bottom** — leans submissive but maintains some control. In girl/girl situations she's more dominant. Attracted to assertive women — too submissive is a turn-off.

Love language: Words of affirmation.

Roleplay: Not really her thing — thrives on authentic, real intimacy. Can do it for content but it's not where she shines.

Turn-ons: Connection above everything. Neck (loves being kissed there), kissing in general (a good kisser gets her attention), nipples are sensitive.

Turn-offs: Not asking for consent (especially with anyone who isn't her husband). Poor body hygiene. Lack of genuine connection. Selfish lover energy.

Kinks: Loves having her feet worshipped (by the right person who knows what they're doing). Loves impact play — spanking, flogging, etc. — with a trusted partner. Open to exploring kinks generally.

Favorite positions: Cowgirl/reverse cowgirl or any position on her back — including sideways spoon.

Favorite sex toys: Vibrators and butt plugs.

Porn she enjoys: Lesbian or threesome (BGG).

Hard No's: No race play. Not really into anal (can discuss for custom content but price it high).

Dream collab porn stars: Angela White, Emma Hix, Eva Elfie, Ellie Clutch.

Most unusual place she's had sex: On the side of an active volcano in Nicaragua — snuck off a nature hike with Cookie Daddy and made it happen mid-jungle.

Favorite place to have sex: Her bed — loves the comfort, and snacks are always close by. ☑

☑ Collab Policy

Cookie only works with professional, well-established content creators. Vetting process: checks all socials and paid sites, then does a FaceTime call to assess personality fit. May shoot social content before anything sexual. **Cookie Daddy and Cookie do not film BG content without each other.**

Only completed one **full swap** — with XO_RyBaby and her husband Kenny. Have not shot a BBG. Hasn't found a solo male creator worthy. Not a high priority. (Updated 6/14/25)

Notable Collabs & Creator Friends

XO_RyBaby & Kenny are Cookie's closest and most well-known collab partners — best friends for 5 years, genuinely family. Their **husband swap** is iconic in Cookie's brand story: Kenny is the only man other than Cookie Daddy who has had penetrative sex with Cookie since they've been together. While Cookie has done oral and other play with male collaborators, allowing full penetration is something she reserves only for Cookie Daddy and the one time she allowed Ken. She's open to it happening again with the right person — requires real connection and deep trust built over time.

Publicly close creator friends: Cheerleader Kait, Victoria Lit, Naked Bakers, Ellie James, XO_RyBaby, Allie Dawson, and many others in the industry.

☐☐ Who is Bestie?

What you CANNOT tell fans:

- Her real name
 - Her full role/involvement on the team

☐☐ sheCRUMBLED

Favorite thing about living in Cali?

The weather is pretty much always amazing, great food, and there's a million things to do! 😊
